

Kings Veterinary Centre

Exciting opportunity for a **SMALL ANIMAL VET** in **Syston, Leicestershire**

Having just relocated to bigger premises, we are an **INDEPENDENT** mixed practice seeking an additional experienced small animal vet to work in our busy Syston practice.

Our team of 28 vets are down to earth, friendly and willing to share their wealth of expertise. We are fortunate to have a large team of experienced RVN's and dedicated support staff, all of whom share our passion for providing high standards of veterinary care to our patients.

As you would expect, our branches are fully equipped with an extensive range of diagnostic facilities including digital xray, ultrasound and blood machines, along with multiparameter monitoring.

As a practice we strive to combine the provision of exceptional, bespoke care with progressive current best practice in veterinary medicine. Our clinical club meetings are a great way to discuss cases and exchange ideas, and we hold additional in-house CPD days for the whole team to continually improve and advance our standards.

Certificates are encouraged as our clients would much prefer an increase in our internal expertise options rather than external referral.

We offer a four day week as a good work-life balance is essential to maintain the high demands of veterinary life. Though this is a full time position, we do offer a flexible approach to our working week which could also suit someone seeking part time hours.

We take pride in caring for our own patients out of hours on an equally shared 1:5 rota. Inpatients are shared with our nurses and there is always a colleague on standby for help, advice or to simply bounce an idea. Our three day weekend following on call is popular amongst our team.

If you value clinical discretion, would like to part of a forward thinking independent practice and work with a fantastic supportive team, then in addition to all the above we offer...

- **A very attractive salary with a 4 day week**
- **RCVS fees paid**
- **Certificates encouraged and funded**
- **Full VDS cover**
- **6 weeks paid holiday (including bank holidays)**
- **Pension scheme**
- **Generous CPD allowance**
- **Staff discount scheme and much more**

**Please call Henry for an informal chat on 07825 621733
or send your CV to henry@rutlandvets.co.uk**
